Career Highlight:

As a bug bounty hunter in the cyber security field, I have found and reported vulnerabilities in various websites belonging to governments and companies around the world. Also have received recognition and appreciation from the US Defence Department, UK Government, Dutch Government, and Indian Government for identifying and reporting vulnerabilities in their websites. I'm particularly proud of the recognition I've received from companies like One plus, and Pharm easy, as well as the US Department of Health, which have all acknowledged my contribution.

Web Security Skills:

- Web Vulnerability Testing
- Penetration Testing
- OWASP Top 10
- Burp Suite
- Postman
- SQLMAP
- Linux
